

STABLE LIFE

# Stable Life

## IN THE WAITING . . .

### CURRENT NEEDS:

- Monthly financial support
- Looking for 15-20 acres of land to expand
- Financial support with equine medications, feed, hay, etc.

Welcome to the summer season! We are looking forward to more time with our friends and fun in the pool! Before we jumpstart this exciting time, let's reminisce on what God did throughout the winter months.

**StableFit:** StableFit has been running at a consistent pace for the past few months. Coach Ken runs approximately 5-6 classes per day.

**Equine Facilities:** Our equine program is continuing to grow. We are currently at full capacity with the amount of horse lessons we host each week, so we have created a waiting list.

**Respite:** We continue to provide respite care for families as well. We are also providing transportation for several of our clients. We currently work with 8 respite

clients.

**Construction:** The poll barn is complete! The poll barn has been so helpful in keeping hay, the tractor, and the ranger dry from the rain.

United Pumps and Controls donated money to build a pavilion by the pool! The pool pavilion is finished, just in time for all the summer fun! Thank you, United Pumps and Controls, for your generosity.

**Vision:** We are at full capacity for the services we offer at Stable Life's current location. We have begun to seriously look for land and facilities that could be Stable Life's new permanent location. Once this happens, we would host a capital campaign fundraiser to

raise the funds for this move. We are praying that God will show us where Stable Life is supposed to be, and we hope that you will join us in this prayer!

**Anniversary:** We also just celebrated our 12 year anniversary in June. The Lord is faithful!
