

# Stable Life

## PATIENTLY WAITING . . .

### CURRENT NEEDS:

- Monthly financial support
- Looking for 15-20 acres of land to expand
- Financial support with equine medications, feed, hay, etc.

Welcome to our first newsletter of 2024! This year has already been full of challenges and blessings. Please take a moment to read what God has done and the vision that we believe God gave us for Stable Life in 2024.

**StableFit:** The StableFit gym has been remodeled! We received a very generous donation of new flooring for the gym, so we decided to give the gym a much needed makeover. We installed the new flooring, fixed a few imperfections on the walls, added new paint, and rearranged the equipment for maximum efficiency! We are so grateful for the families that donated the flooring.

**Equine Facilities:** Our previous newsletter stated that our eq-

uine program is on hold due to Kelly's back surgery. Kelly had her surgery on December 22nd and is recovering very well. It is our goal to resume our horse program in the summer months.

**Respite:** We continue to provide respite care for families as well. We are also providing transportation for several of our clients. We currently work with 5 respite clients.

**Vision:** We are fervently praying for God to move in big ways this year. Stable Life is at max capacity at our current location. It is our desire to have more land for our horses, a larger area for StableFit, and a designated respite care area that is separate from our

home. So far, God has kept us where we are, leaving us unsure of what His vision is for Stable Life's future. We ask that you join us in prayer to seek the Lord's direction.

"Now to Him who is able to do immeasurably more than all we ask or imagine, according to His power that is at work within us, to Him be the glory in the church and in Christ Jesus throughout all generations for ever and ever! Amen."

Ephesians 3:20-21
